Prospects for 2024:

With regard to renewal of our members from 2023, we were sadly notified during 2023 that four members (including one life member and one honorary member) had died, and that ten members (including one family membership) wished to resign before 2024. Four institutions have informed us that they intend not to renew for 2024.

As of late March 2024, 144 members of all types have already renewed their memberships (not including the honorary and life members), as have 37 institutional subscribers. So far in 2024 we have 14 new subscriptions (11 members, 1 new student member and 2 new institutional members). The Society thanks Catherine Jagger of CIRCA for all her work over the year.
