On 28th March the Hon General Secretary checked the postal votes received against a list of paid-up members and counted the postal vote. Minutes of the last Annual General Meeting (of 6th April 2019): to be approved at a future AGM.

Matters arising: None

Nomination and election of new members: No list was requested

Given that there was and still is no prospect of holding the Annual General Meeting due to the coronavirus pandemic, it was proposed and agreed by Council to hold a membership vote to deal with issues not dealt with on the due date. This election was held with the options of voting either by post or electronically. The advantage of accepting electronic votes is that this enables members who are shielding, self-isolating or wishing to avoid the risks of going out, will be able to take part safely. A notice and a link to the voting papers was sent out by CIRCA Ltd, Cambridge, either by post or where possible using members’ email addresses. All reports, the changes to the rules and the accounts were made available via the Society’s website www.conchsoc.org. By whatever means the votes were received, they were all checked against a list of paid-up members. At this stage it was still anticipated that the postponed AGM would be held on a suitable date, hopefully later in 2020, to ratify the Rule Changes and deal with any other deferred business such as signing the minutes of the 2019 AGM. The following votes were held:

(1) Approval of the Report and Accounts provided by the Hon Treasurer and signed off by the Examiner of the Accounts. This is necessary so that the accounts can be included with the Annual Return to the Charity Commission. Proposed by Peter Topley Seconded by Ben Rowson

(2) Approval of the remaining Officers’ Reports as listed on the AGM paperwork
Proposed by Imogen Cavadino Seconded by Robert Cameron

(3) Election of the Examiner of Accounts Mr R C Honnor
Proposed by Tom Walker Seconded by Mags Cousins

(4) Approval of the Rule Changes listed in Item 3 on the AGM paperwork
Proposed by Rosemary Hill Seconded by Nick Light

As the number of valid postal votes received and checked against the list of paid-up members after the closing date of 1st May 2020 exceeded the number required for the election to be valid, the votes were counted and checked. All resolutions (1) election of examiner of accounts, (2) Treasurer accounts and report, (3) remaining Officers’ reports and (4) changes to rules 8,10,11,13 and 19 were approved. One member was against all resolution but all other votes were in favour. The result was declared via the Society’s website.
A speaker had been booked to give a talk in lieu of a Presidential Address. Instead it is planned that this talk will be given at the next Annual General Meeting.

This summary to act as minutes of the AGM was prepared by Rosemary Hill on 30th October 2020.

Chairman.

The following have served for three years: Mrs M Cousins, Mrs H Shaw and Mr TJ Tamblyn

The following have been proposed to serve for the next three years: Mr PD Barfield, Dr PJ Cosgrove and Dr RC Honnor

Three candidates are to be elected to serve as members of Council. Information on the candidates for Council may be found below. Members should vote by putting a cross against the candidates of their choice.

**Candidates for Council**
1st candidate Mr PD Barfield
Peter Barfield wishes to be considered for election to the Council of the Conchological Society of Great Britain and Ireland as an Ordinary Member. Although he has only recently joined the Society he has very much enjoyed the few meetings he has attended. He would be happy to make a contribution to the running of the Society. As with other new members of the Council he hopes to bring an alternative perspective, perhaps most particularly in respect of marine related issues, this being his area of greatest interest and expertise.

2nd candidate Dr PJ Cosgrove
Peter Cosgrove has surveyed over 1,200 Scottish watercourses for freshwater pearl mussels, including undertaking both national surveys and Site Condition Monitoring of all of Scotland’s designated sites where they are a feature. Peter is a recognised authority on freshwater pearl mussel research and conservation. His advisory work has included developing, testing and publishing standard survey methods, advising on reintroduction and raising awareness of wildlife crime in relation to pearl mussels under the guise of a project called ‘Mollusc of the Glen’. Peter is keen to see evidence-based conservation and research supported by the Society and is standing for Council in that capacity.

3rd candidate Dr RC Honnor
Rupert Honnor originally joined the Conchological Society as a junior member in approx. 1973, encouraged by Celia (his sister) and Tom Pain, and attended many indoor and field meetings over the years. Rupert did a B.Sc. in Biochemistry, and further Ph.D. at UCL in London. Rupert did a post-doctoral fellowship at NIH in Maryland, USA, returned to work at Newcastle University, before changing career to IT development at British Airways, from which he has recently retired. Rupert’s interests in molluscs have evolved into a passion for (marine worldwide) limpets, which inspired him to travel widely around the world. Rupert has been on the council before, and has served as Programme Secretary previously.

Voting procedure
The voting paper is enclosed in this mailout. It should be detached and returned in a sealed envelope. Please do not enclose any other documents or correspondence inside the same envelope as your voting paper. The member MUST SIGN ON THE OUTSIDE OF THIS ENVELOPE. Any envelopes which are not signed on the outside will be discarded unopened. Please also print your name under your signature; this will make it easier for the Scrutineers to decipher your signature.

The signed envelopes should be returned to:
